LATER FIGURES MAKE NO CHANGE

Sprowls, Baker, McPeake Compose Legislative Ticket of Republicans

CLARK GIVEN COUNTY LEAD

Tabulation of the vote in the Republican primary Tuesday in 144 precincts shows that candidates backed by Senator Boies Penrose with the exception of Harmon M. Kephart for state treasurer carried the county.

The greatest interest in this county apparently was in the fight for assembly. G. Plummer Baker of Washington, George C. McPeake of Canonsburg and Dr. J. Add Sprowls of Donora, won out and are likely candidates to represent the county at Harrisburg next winter.

T. B. H. Brownlee of Washington present member of the lower house of the state legislature ,made a pretty race for nomination on the Republican ticket on a "dry" platform, losing out by less than 200 votes. He was nominated, however, on the Washington party ticket and possibly on the Democratic ticket. It is not known whether he will make the fight for election next fall.

J. V. Clark of Washington, candidate for state treasurer, carried the county over H. M. Kephart of Connellsville his plurality being in the neighborhood of 500 votes. Kephart's own county turned out just as strongly for him, however, as Washington county for Clark and the vote from the entire state was such as to easily give the Fayette man the nomination.

Joseph A. Herron of Monongahela, and J. Rankin Martin of Beaver Falls,carried the county as uninstructed delegates to the Republican national convention. Herron was the choice of his own county but it will probably take the official count to determine whether he will carry the district and attend the Chicago convention. James H. Cunningham, Brumbaugh candidate for district delegate, ran uniformly well in Washington and the other two counties of the district. Phillips, unpledged candidate, was far behind in this county.

Uninstructed delegates-at-large were successful in Washington county, although it will require the official count to show by just how much the Brumbaugh slate lost out.

Charles A. Snyder a candidate for auditor general boosted by Senator Penrose decisively defeated Charles A. Ambler, Brumbaugh man in this county, 144 precincts giving him 2,602 votes to 1,992. The tabulation of votes follows:

State Treasurer.	
J. V. Clark	3,233
Harmon M. Kephart	2,767
Auditor General	
Charles A. Ambler	1,992
Charles A. Snyder	2,602

Joseph A. Herron	3,329

John W. Aber	817
George Plummer Baker	3,300
T. B. H. Brownlee	2,629

SUFFRAGISTS TO SELL GOOD ROADS' BUTTONS

Arrangements Made for Campaign to Be Made by County Women—East Bethlehem to be Represented

Suffragists of the county are to sell buttons next Saturday for the benefit of the Good Roads Day compaign. This was decided upon at an all-day meeting of the county committee of the Women's Suffrage party, Saturday at home of the president, Mrs. Edwin Linton in East Maiden street, Washington. The offer of the women has been accepted by the Good Roads Day. The buttons will be sold for 10 cents and up according to the purchaser's pleasure.

The matter of finance is an important one in planning for a successful Good Roads Day and some counties solicit subscriptions to funds to pay for material and work. The sale of buttons was tried in this county last year and with the cooperation of the suffragists promises to be sucessful as a money-raiser the second time.

Other matters of importance to the suffrage cause were discussed at the meeting Saturday. Reports from the various committees were heard, plans considered for extending the organization over the county and methods for raising money for suffrage purposes were talked over.

The East Bethlehem organization, the youngest in the county is to have the distinction of representing the county in the parade in Chicago at the time of the Republican national convention, Mrs. Wilbur Hawkins having been delegated to attend.

Miss Amy Ammons was reported as the new chairman in East Bethlehem and Mrs. E. A. Furlong in Roscoe.

All the officers were present from Washington and the following district chairmen: Mrs. Henry Sutmas of Monongahela; Mrs. J. S. Colvin, California; Miss Sue Johns, McDonald; Mrs. C. C. Johnson of Canonsburg, and Miss Minnie Crothers of Taylorstown.

TWO MINES SUSPEND BUT ONE WILL RESUME

Diamond and Knob Miners Quit Then Men of Former Hold Meeting and Reach Agreement to Return to Work Until May 25

Two more Monongahela valley mines were suspended this morning and then the miners ofone arranged to return to work until May 25. The mines affected are the Diamond and Knob. The Diamond miners will return to their work at once.

The cause of the suspension at both was wage scale troubles such as have been cropping up in spite of district agreements ever since April 1. Objections are based on the increased house rent, household expenses and increased cost of material.

When a meeting washeld of the Diamond miners this morning a committee was appointed to confer with the superintendent. This was done and agreement was reached by which the suspension was ended until the result of the referendum vote is made known in the district.

IS FOUND GUILTY OF MANSLAUGHTER

Donora Colored Man Convicted of Killing Former Friend Few Months Ago

SENTENCE NOT YET IMPOSED

Edward Lockhart, colored, indicted for the murder of George Coates, colored, at Donora, on November 20, 1915, was found guilty Wednesday evening for voluntary manslaughter at Washington. The commonwealth had asked for a first degree verdict. The defendant was remanded to jail to await sentence.

The case was closed on the testimony before noon Wednesday and was given to the jury about 3 o'clock. An agreement was reached about 4:30 o'clock.

Lockhart pleaded self defense. His testimony was that he did not shoot George Coates until he believed that Coates was about to draw his gun to shoot him and knowing Coates' reputation he feared him. The trouble between the two men arose over the alleged relations of Coates with Mrs. Lockhart. It was testified that Coates boasted of this and flaunted the allegations in the face of Lockhart. Just prior to the shooting on the porch outside the pool room at Donora, Lockhart, who was with his brother-in-law, Percy Law, asked Coates as to the stories he had been telling about Mrs. Lockhart. It was testified that at that time Coates taunted Lockhart about his relations with Mrs. Lockhart. When Coates was taken to task for interfering with Lockhart's home relations, then it was testified, Coates made a move as though to draw a gun. Almost immediately he was shot by Lockhart.

The defense called a number of character witnesses, including officials of the wire mill at Donora and others who knew the young defendant, and they gave Lockhart a good reputation. They testified he was an industrious young man and had not ever been in trouble. On the other hand there was evidence that Coates had the reputation of being a very bad man, that he had broken up other homes, that he drank and was of a quarrelsome disposition.

Lockhart's wife and little daughter sat with him at the counsel table. Lockhart, who apears very youthful has been ill since being in jail.

HER CASE TO COME UP TODAY

The girl was to be taken this morning before Magistrate John A. Fuggassi in Central police court to answer to the charge of larceny.

According to a story that came out from Pittsburg Wednesday night from Capt. Archibald Mackrell of the detective bureau, the girl was in danger of collapse.

According to the police the girl was employed by a downtown store. Recently several articles were missed. She is charged with stealing a pair of cuff links, worth $50; a scarf pin worth $15 and a watch worth $35.

Miss Dandoy formerly was employed in a Fallowfield avenue store.

ELDORA PARK WILL OPEN FOR THE SEASON TOMORROW

Dance to be Friday Feature—Youghiogheny Band of Monessen to Give Two Concerts on Sunday

With the opening Friday of this week a busy season will be inaugurated at Eldora park, and one that will include some highly entertaining features. As last season band concerts will be special offerings of the park management. The first one is planned for next Sunday when the Youghiogheny band of Monessen, known as the largest and one of the best bands in the Monongahela valley will appear in two concerts, afternoon and evening. An attractive program is being prepared by this organization of Finnish musicians.

Next Tuesday the annual picnic and outing of the Monongahela schools will be held at the park. As usual the Monongahela people will assume entire charge, except that the Eldora Amusement company will pay the transportation expense and help care for the children and other visitors and provide an amusement program. The Monongahela picnic is annually one of the best picnics of the entire park season owing to the way in which it is handled and it invariably attracts large crowds, if fair weather prevails.

Requests are coming in for dates for dances. Clubs all along the valley are asking for dates and the dancing season is one with promise.

ROYAL ARCANUMS HOLD MEMORIAL EXERCISES

Grand Vice Regent Charles E. Snyder of Pittsburg Addresses Members and Friends of Charleroi Council

Grand Vice Regent Charles E. Snyder of Pittsburg, member of the Pennsylvania grand lodge of Royal Arcanums, addressed the members of Charleroi Council, No. 1240, Royal Arcanum, and their friends, at their first memorial services held Wednesday evening in the Bank of Charleroi hall. He spoke of the sense of belonging one has in this life and of the need of right living to make oneself of service to his fellows. The eulogy on the two members of the council who died during the year, Joseph Kerschner of Charleroi and Fred Kelly of Ford City, was pronounced by F. W. Pieper.

A meritorious and enjoyable musical program was rendered. A trio consisting of Alfred Horn, violin; Afred Lange, 'cello and Mrs. Bertha Kleist, piano, rendered pleasingly "Evening Star," Wagner as a prelude and the Lohengrin march, Wagner, as a recessional. A trio with the same instruments was the overture, "Angels' Serenade" Braga. A pretty arrangement of "Ava Marie," Gounod for the voice with piano, organ and violin accompaniment by Mr. Horn, Mr. Lange and Mrs. Floyd Chalfant, was well sung by Mrs. Bertha Kleist, soprano. Chester C. Humphries was the soloist of the evening. In fine voice, evidencing his vocal ability he sang effectively the selections, "Consider and Hear Me," Dudley Buck and "Face to Face" Johnson, with accompaniments by Mrs. Floyd Chalfant.

LOVE AND MURDER.

In a little town in Illinois today a young man is on trial for murder. The state is endeavoring to show that he killed his boyhood sweetheart after he had disgraced her and because he then loved another girl. In this there should be a profound lesson for other boys. Home training and pleasant environment will carry one a long way, but temptations are most surely to be met, says the Beaver Daily Times. The consequences of folly must be endured where self restraint and discretion are not exercised.

The young man whose life now hangs in the balance for his alleged crime had a good home and loving parents. It was never their desire that he should face a bar and justice for murder of the foulest kind. He was a university student and life with all its promise seemed to be just unfolding of him when the temptation came. Whether he is guilty of the heinous crime charged against him is for the jury and the court to determine, but the chances appear to be much against him.

Look at him now. A prisoner of ing the life of the little maiden he proing the life of thelittlemaiden he professed to love, who loved him too well, but unwisely, whom he should have protected but betrayed. Instead of the cheerful looking stalwart youth of a few months ago, with apparently every prospect for success before him he is now haggard. pale and worn from long weary days and months of confinement. His appearance in court indicates that he has lost his pride in his personal appearance. He is a changed man, aged beyond his years.

How different things might have been for him if he had been true to the higher instincts of manhood, to the teachings of father and mother, and had subjected himself to a proper degree of restraint and discretion. He sowed his wild oats, now he must reap a harvest of sorrow, shame, remorse. One young life, if he is as guilty as the circumstances indicate, has already been sacrificed to his folly, his own may be required, thus leaving to parents and friends a crushing burden of sorrow. His example should be a warning to other boys.

MORE HOURS OF SUNLIGHT

Why not get up one hour earlier—in summer? What's the matter with going to work an hour sooner?

One would quit work an hour earlier, too. But the idea, that of taking advantage of the summer daylight and sunlight is gaining ground over the country, and some civic and commerce associations suggest such a plan in a recent buletin, says the St. Paul Pioneer Press.

On some summer morning in your life—mayhap there's a whole legion of them to your credit—you arose to go fishing with Old Sol just glorying the East. If you only have experienced one morning such as this you will remember even more distinctly how long it seemed before your watch showed the regular ordinary common breakfast time.

It illustrates how much good daylight is going to waste while we remain in bed. What's the use of it? Why not get up nearer the getting up time of the sun.

The one hour earlier schedule could be applied to the five months from May to September, inclusive. On May 1 there is more than 14 hours of daylight, on June 1 and July 1, more than 15 hours when the sun is up, while even September 1 has 13 hours and 19 minutes of it—St. Paul Pioneer Press.

Over the county Tuesday various mixups were reported in the registration of voters, resulting in hasty court action to make voting by some citizens possible. One place where especial care should be taken is in the assessment of voters. Through lack of attention to details or through lack of knowledge of what is required mistakes are too often made which later cause actions. Cases were reported at the primaries this year, as there were year, of tried and true Republicans registered as Democrats and, we suppose, Democrats registered as Republicans. This is not right and is not the spirit of this law. With better assessors, systems, safeguards of the kind

PICKED UP IN PASSING

"It isn't your town—it's you" is the title of a poem supplied the Mail for the "Picked up in Passing" column by a reader. The poem reads:

If you want to live in the kind of a town
Like the kind of a town you'd like,
You needn't slip your clothes in a grip
And start on a long, long hike.
You'll only find what you left behind,
For there's nothing that's really new.
It's a knock at yourself when you knock your town.
It isn't your town—it's you.

Real towns are not made by men afraid
Lest somebody else gets ahead.
When everybody works and nobody shirks
You can raise a town from the dead.
And if while you make your personal stake
Your neighbor can make one, too,
Your town will be what you want to see.
It isn't your town—it's you.

William Travers Jerome, the New York lawyer, said of a certain charge the other day:

"It was a strange coincidence, a strange coincidence, an almost incredible coincidence—like the stutterers' tale, you know.

"A stutterer in a restaurant said to a writer:

"'Bring me a p-p-plate of b-b-beef.'

"The waiter, who also stuttered, answered:

"'W-we're out of b-b-beef, sir.'

"The guest, thinking he was being mocked, rushed at the waiter to knock him down but another patron interposed hurriedly.

"'D-don't hit him,' he said 'He's not m-m-mocking you. He s-stutters the same as I d-d-did before I was c-cured.'"—Philadelphia Ledger.

At a certain church in a Jersey town it is the invariable custom of the clergyman to kiss the bride after the ceremony. A young woman who was about to be married in this church did not relish the prospect and instructed her prospective husband to inform the clergyman that she did not wish him to kiss her. The bridegroom obeyed the instructions given.

"Well, Harry," said the young woman, "did you tell the minister that I did not wish him to kiss me?"

"Yes."

And what did he say?"

"He said that, in that case, he would charge only half the usual fee."

IS BEING SPENT at CLAIRTON, PA.

Do you know what a by-product Coke Oven is? You ought to know, since the Great War started, because there's been a lot said about saving the by-products. A by-product plant saves the smoke and the tar and converts them into chemical necessities. Toloul, benzol, dyestuffs, perfumes, etc., are all manufactured from these substances which heretofore we have thrown away. They all come from wasted smoke "the incense of prosperity" as we have more or less boastfully called it.

You know now, how badly we need these chemicals. You know now that the *waste* of yesterday is the *wealth* of tomorrow. It follows then that the plant which produces these things, which saves them—as well as that sterling product—coke is a profitable plant and the town in which that plant is located, of necessity is a prosperous town. It means a clean place to live because we save the smoke. It means a high class of men, chemists, research men, scientific men as well as a tremendous list of the rank and file and it means *continued prosperity*.

HERE IS YOUR CHANCE TO GET IN ON THE PROSPERITY. BUY CLAIRTON REAL ESTATE.

We have it—right in the heart of the town—not in an undeveloped spot plotted only for the exploitation of the boomer. You can buy it cheaply in this *living* town, 20 miles from Pittsburgh where there is at this minute splendid train service, trolley lines, schools, churches, fine homes, banks, paved streets, adequate sewer systems and a busy flourishing community. And you *can't* buy it under like conditions and with such a sure future in any other place in the great Metropolitan zone of Pittsburgh.

An army of workers will be needed. We need house builders right now to provide for the needs of the increasing population and we can make them an attractive proposition to help carry them along. Five thousand people live there today and the factories and industries are humming along every day and yet, right now, today, you can buy a business property at less than $100 a foot front and a town lot for as little as $55. On a paved street, $625 will buy a 40-foot lot and you can pay for it with 10 per cent. down and easy monthly payments—out of your savings—thereafter.

Clairton is Aroused. Clairton People are Buying Lots

Mr. H. R. Worthington, who is carrying through the project and is in entire personal charge of the sales frankly says that in a long real estate selling career he has never offered a better proposition.

WIVES AND MOTHERS

Have you ever stoped to realize how much the health of your family depends upon you? For instances, diet is a great factor in health and you are responsible for it, then again when any member of your family gets into a run-down condition, when the children are delicate, cross and ailing, when somebody takes cold and develops a cough, they look to you for help. Do you know that our local druggists, Pipers Drug Store have a non-secret constitutional remedy known as Vinol which he guarantees for just such conditions. Many families in this vicinity have found it so reliable they are never without it.

Nitrogen.

One of nature's methods of fixing nitrogen is familiar to everyone, but does not seem to have suggested itself to chemists as one to be imitated. When water trickles through the earth in which there is much organic matter and oozes out through the mortar of a wall, the wall becomes incrusted with pure niter, or saltpeter. What has happened is this: The water has dissolved much of the potassium in the soil and picked up millions of the nitrifying bacteria in the earth and carried them through the mortar, in which there is much lime. The potassium deposited on the wall is exposed to the air and the nitrifying bacteria begin to draw from this the nitrogen which combines with the potassium to make niter.

Words Used by Women.

In a list of 200,000 words used in private correspondence it has been found by statisticians that the following classes of words are dominant in the letters of women: Articles of food and terms relating to the consumption and preparation thereof; articles of wearing apparel, textiles and terms closely related thereto; parts of the body, care of the same, personal appearance; animals, esthetics, color, diseases and their treatment; parts of the house, furniture, measures, correspondence, domestic activities and relationships. Words dominant in letters of men were terms of aggression, beliefs, and distinctions, physical and mental; institutional life and social organizations. Thus [illegible]

Little Child Badly Chafed

Fussed all the time, healed by

Sykes Comfort POWDER

Here is proof and baby's picture

"My oldest child was badly chafed, fussed all the time, and the only way I could do anything with him was to keep soft cloths next to his skin. I cannot recommend it too highly because it has healed skin affections of my children after everything else had failed."—Mrs. E. L. Green, Lawrence, Mass.

The Graceful Speech.

It is really a graceful [illegible] French tongue. Plain, homely [illegible] of life—so bald and bare and [illegible] ening in the Anglo-Saxon—are lovely in the French. [illegible] French word for "rags" is [illegible] that we have conferred chiffons of our daintiest fabrics. But [illegible] grace of the language lies [illegible] weakness. It does not rise [illegible] supreme utterances. I have heard [illegible]ng the Bible texts on the tombs in the little cemetery of Chamonix "L'Eternel est mon berger" cannot rank in loftiness with "The Lord is my Shepherd," nor "Que votre coeur ne se trouble point" with "Let not your heart be troubled."—Harper's Magazine.
